

Greens 21-0-21

100% of N from Nitroform[®], 100% of K from SOP
Fine Grade Formulation

- Premium formulation designed for applications to sand-based greens and other close-cut turf with low soil C.E.C. levels.
- Low salt index and low water solubility make this formulation extremely safe for use throughout the season, including after core aeration.
- Nitrogen derived from Nitroform[®] provides prolonged release through microbial degradation and hydrolysis.
- Uniform particle sizing for accurate applications.
