97% of N from Nutralene<sup>®</sup>, 100% of K from SOP  
Micro Grade Formulation

- High quality formulation designed for application to golf course greens.
- Nutralene<sup>®</sup> contributes 97% of the total nitrogen in this formulation.
- Iron, along with other micronutrients helps achieve colour response.
- Micro-granular particle sizing ensures ease and uniformity of application on closely mowed turf, with a minimum of mower pick-up.
