GUARANTEED MINIMUM ANALYSIS

Soluble Potash (K₂O).....25.0%
 Sulphur (S) (combined).....8%
 Calcium (Ca).....9%

DIRECTIONS FOR USE

For application to greens and other close-cut turf. Apply during summer months to displace sodium build up associated with continuous irrigation. Apply during spring and fall as per fertility recommendations for potassium, calcium, and sulphur.

STORAGE AND USE

Store in a clean, dry place.
 Reseal opened bag by folding top down and securing.
 Use only clean, dry spreaders.
 Do not leave unused product in spreaders.

NOTICE TO BUYER

Seller's guarantee shall be limited to the terms set out on the label and, subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.
